Foreword

On September 7, 1937 twelve hundred lucky students entered the halls of an unnamed building. With them came Mr. Harry H. Seidel as principal, Mr. Norman B. Dee as assistant principal, thirty-six teachers, and two clerks. These were the pioneers who would choose the name *Southwest* for their high school, green and gold as their school colors, "Enter to learn; go forth to serve" as the school motto. They would set the high scholastic standards and establish the many traditions which today we cherish.

Time passes quickly. Southwest, originally built as an academic high school, now is building an addition for its flourishing practical arts activities. Driver Training, Home Care of the Sick, Psychology, American Problems, Radio Workshop, and Publications are among the newer subjects which have broadened our curriculum.

Time, too, has changed the personnel of the school. Of the thirty-six original faculty members only twelve remain of a faculty that now has sixty-nine persons. Two principals have come and gone since the days of Mr. Seidel. Mr. Young, one of the original faculty members, now occupies the principal's chair. To help him are two assistant principals, four clerks, four counselors, and an outstanding *Student Council*. Today the student body has 1559 eager boys and girls, who find it indeed difficult to choose from the enriched program now offered at the school.

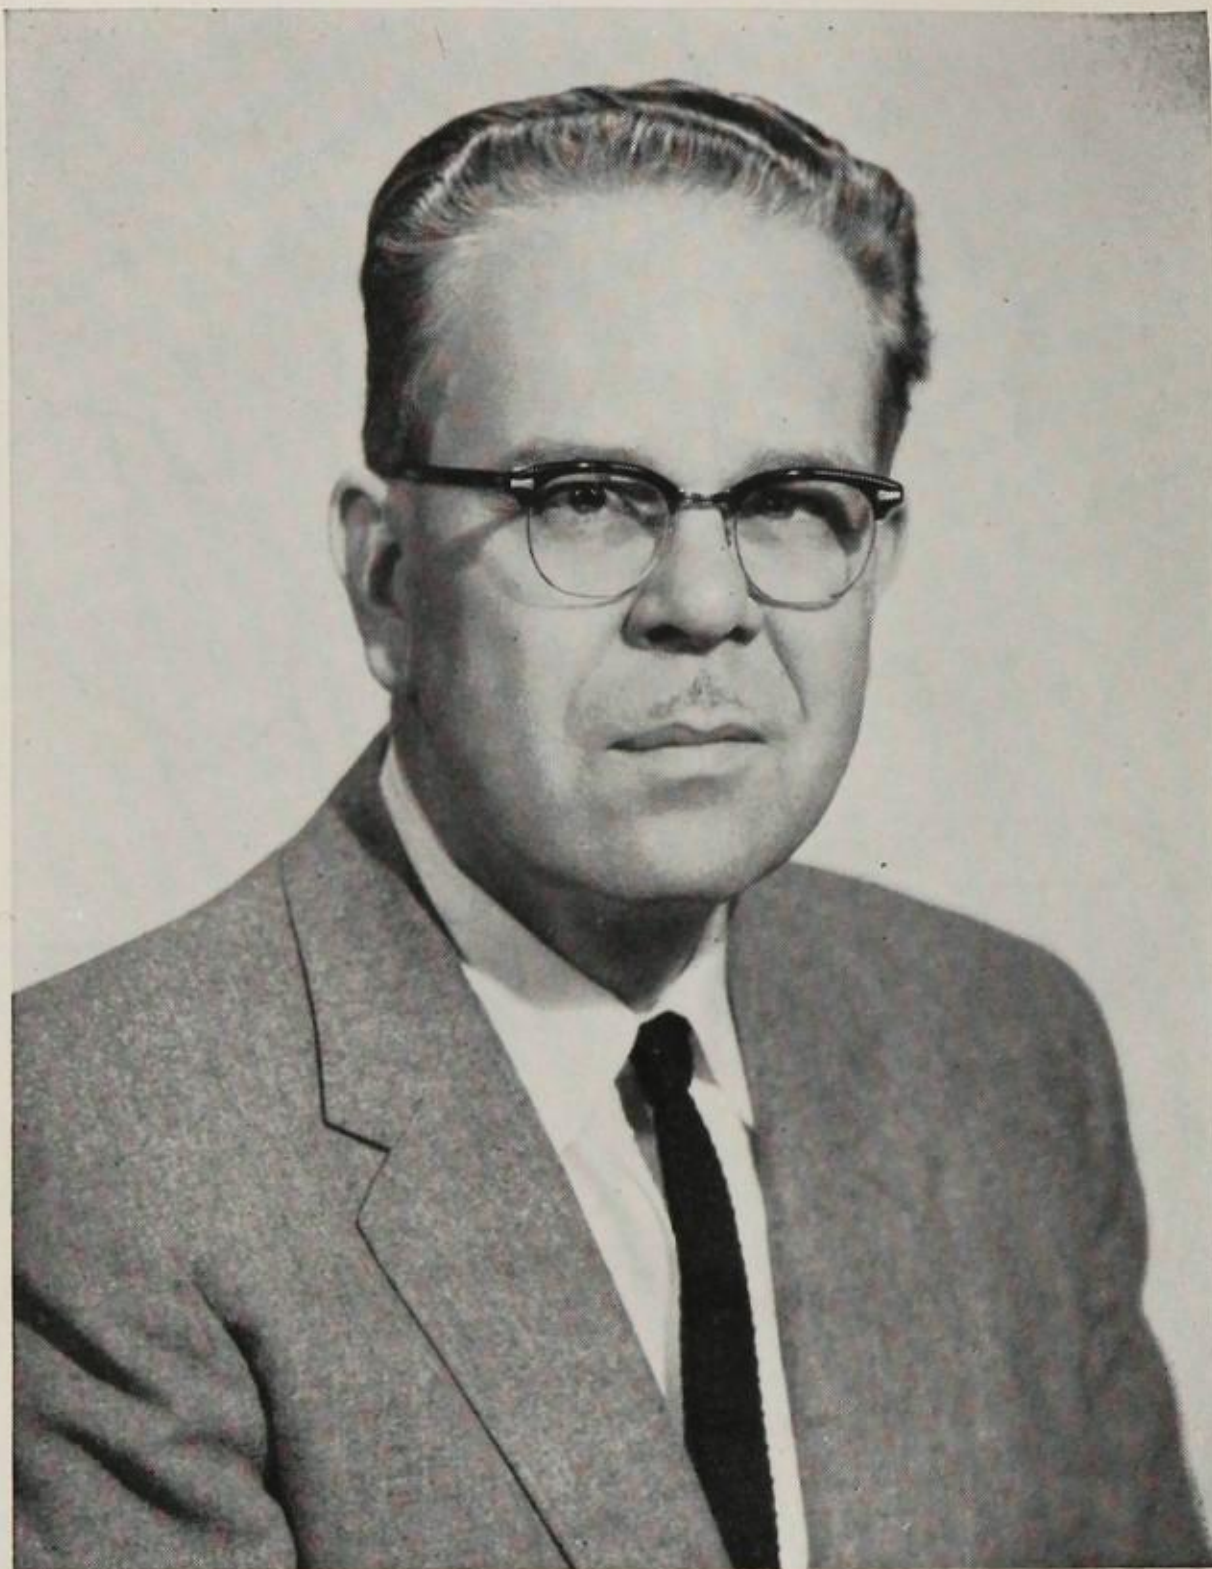

Extra-curricular activities have added additional interests throughout the years. Many clubs have come and gone. Our classical ones, however, have stood the test of time. Latin, Spanish, French, and German clubs have always been very popular at Southwest. Service clubs, too, have grown with the years. We now have, besides the original *Special Service*, a *Receptionist club*, a *Duplicating Service group*, a *Projection club*, and a *Junior Red Cross* unit. Also Southwest has had its share of success in the sports field. Over 200 girls now enjoy the G.A.A. In interscholastic sports our boys have had many championship teams. Baseball leads with five; tennis has had four; football, two; and golf, one. In our music department our band, which has been in existence since the early days of Southwest, has done a great deal of community work. Beginning with twenty-four musicians, it now numbers eighty-five members. Our choir, too, has given much time to extra-curricular singing. As the high light of their endeavors the instrumental and vocal groups have combined to present a series of excellent operettas throughout eighteen of the school's twenty years. They have also presented many enjoyable spring concerts.

Although Southwest has grown and changed in many ways since that memorable day in September twenty years ago, two characteristics have remained the same through all the years, i. e., high scholastic attainment and the spirit and enthusiasm of those who have sojourned here.

In this Roundup we will attempt to show the progress and changes which have come with the passing years.

The Student Council

Southwest's Student Council was organized in 1937 and therefore celebrates its twentieth anniversary this year. Its first sponsor was Miss Mildred Pierce, who remained so until her death in 1943, when the sponsorship was taken over by Miss Mary Lawless for three years. In 1946 Miss Corine Hachtman assumed the duties of sponsor and guided its destinies with the aid of the students, maintaining its high standards and principles plus making it one of the school's most popular activities. Through the years the council has enjoyed the support of the faculty and student body. This, with wise planning and hard work, has assured success.

A recent addition to Southwest halls is this "Thoughts For Reflection" case.

This year of 1957 points up to twenty years of democracy in action by the students of Southwest High School, for that is what the name Student Council means. Its purpose is to teach young people to work, to play, and to govern themselves in the democratic American way of co-operation and fair play. As set forth in Article I of its constitution, its prime purposes are:

"To aid in the internal administration of the school
To foster sentiments of law, order, and co-operation
To promote the general activities of the school
To develop in the student a growing appreciation of membership in a democracy."

This committee planned our wonderful fall "Hello Day."

Student Council

SPRING REPRESENTATIVES

Student Council committee in action.

Every Wednesday afternoon at the beginning of the eighth period one representative or alternate from each advisory group comes to the auditorium for the regular meeting of Student Council. These representatives and alternates, who are elected by their individual advisory groups, must have a good scholastic record, plus the qualities of dependability and leadership. Heading these meetings are a president, a vice-president, a secretary, and a treasurer, all of whom have been nominated by the Sevens Class and then have been elected by the student body. Each of these officers has been a member of the council previous to his election and is therefore considered to be a qualified leader.

SPRING ALTERNATES

Our Student Council has sponsored many activities in the past twenty years, several of which have become regular events here at Southwest. "Hello Day," initiated by the Council in 1945 as a welcome to the freshmen, is one of these. Regularly, too, with the football season comes our Miss Southwest dance, planned with the assistance of the lettermen. Then, in conjunction with the Junior Red Cross, it sponsors yearly the overseas Christmas boxes. One of the recent accomplishments of the organization has been the writing and publication of the Southwest Creed. These, however, are but a few of the Council's activities which have helped to make Southwest an outstanding school.

Lord Bedbug and his Calypsonians add zest to a Hello Day aud.

Executive Committee

From the time it was formed until the present, our Parent-Teachers Association has been an important factor in the progress of Southwest. Always an active group, this year's organization proved no exception to the rule. The following excerpt from the report by the president, Mrs. Wm. H. Hamel gives ample proof of this statement.

"We had financial success from a card party, which enabled us to contribute to the purchase of a fan for the faculty room, earmark a sum for a much needed projector, assist in bus transportation for a football game, and give a June and January senior dance. We were also able to en-

roll the school in Junior Red Cross, support the Caroline B. Ulmann Student Loan Fund, donate to the St. Louis Parent-Teacher Scholarship Foundation, serve refreshments at all of our meetings, send representation to many civic affairs, send two delegates to State Convention in Kansas City, send a gift subscription of the National Parent-Teacher Magazine to a foreign country, and make our third contribution to the Brisbin Memorial Fund toward the purchase of Band Uniforms."

The *Roundup* congratulates the Association on this fine record.

Varsity Football

Coach: Mr. Kenny

"Mud is the great equalizer." These words of Mr. Hatfield, our assistant principal, were never more true than on the day of the Southwest versus Vashon game. In this game Southwest, sloshing through the mud, caused one of the greatest upsets of the year by defeating Vashon by the score of eight to six, for in doing this Vashon slipped into a tie for first place, and Southwest ended its season in seventh place with a record of two wins, three losses and one tie. Since the school began, Southwest has had to its credit just two championships in football—1951 and 1953. Noticing that both the championships have come in odd years, we are hoping for one in 1957.

"B" Football

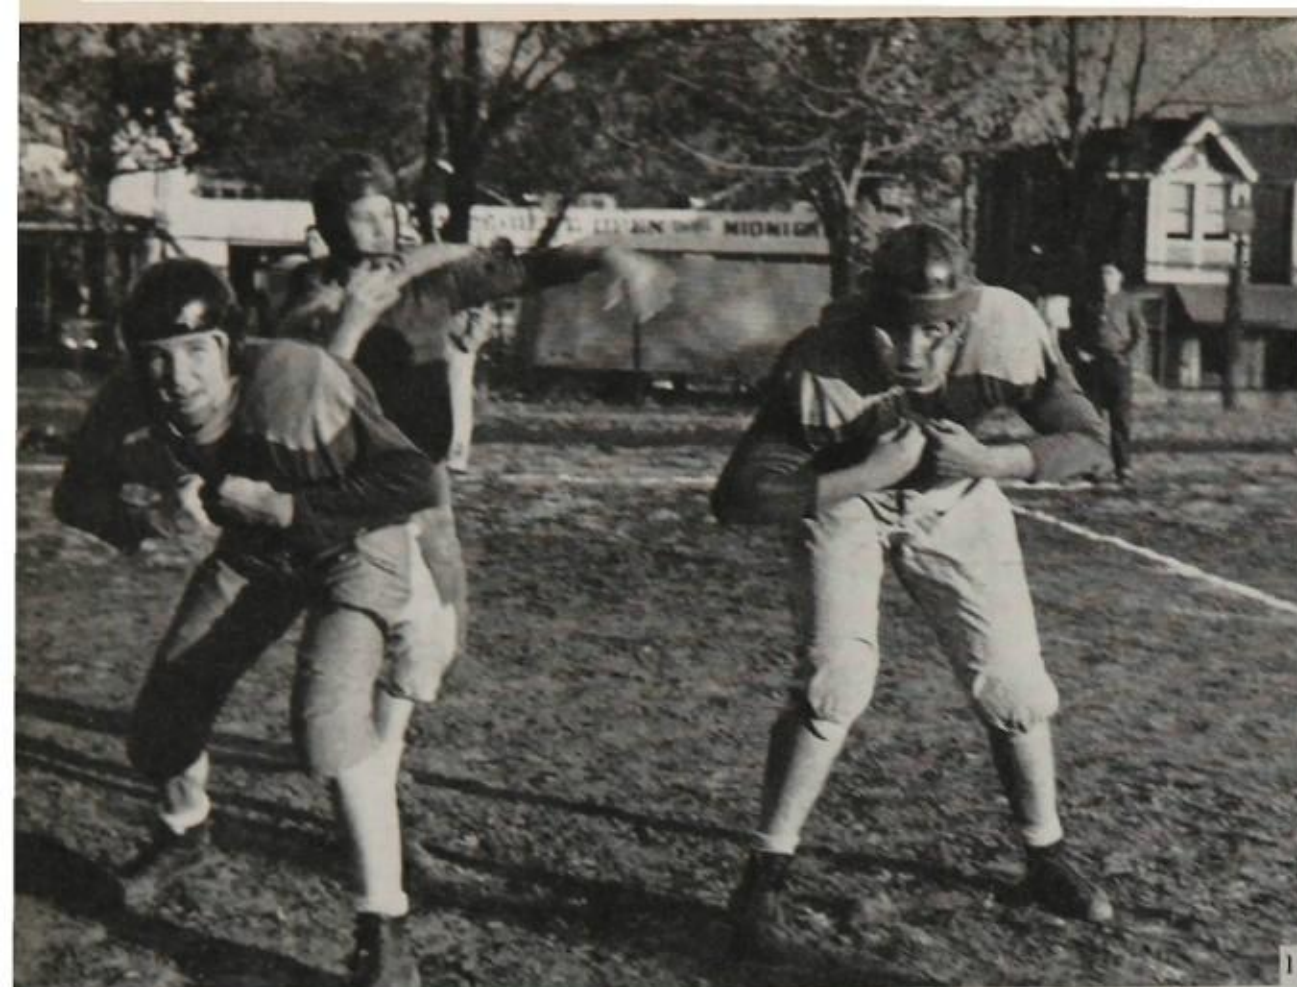

Coach: Mr. Merchant

The 1956 "B" football team ended a good season with a record of three wins, one loss, and two ties. Opening the season, Southwest won from Central, 12 to 6. In their next game, they were beaten by Soldan 18 to 8. This defeat was followed quickly by two victories, one over Vashon 13 to 0, the other over Hadley 14 to 7. The latter was an exciting game won in the last three minutes.

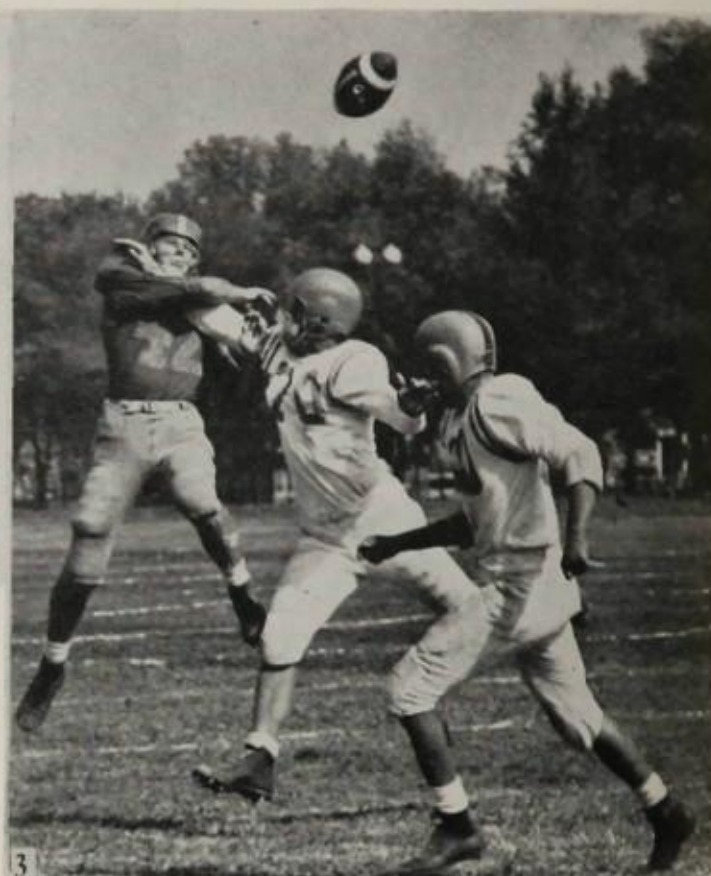

Mr. Merchant, the coach, said that several members of the team could be considered for the 1957 varsity team. He summed up the season in these words, "I've never enjoyed working so much with a group of boys as I have with these. Once they get going they're hard to beat."

Sports Highlights

1. "B" team linemen protect their quarterback.
2. Doubles team ends season with 6-0 record.
3. Ulbrich throws a pass S. W. 13, Cleveland 13.
4. Steers' Gephart tries for an interception against Cleveland.
5. Co-Captains Conklin and Ulbrich demonstrate a play.
6. James Nelson holds down third singles with a 4-2 record.
7. S. W. upsets Vashon's hopes for first place 8-6.
8. Ruff returns while partner Bryant looks on

Tennis

Coach: Mr. Close

Under the able direction of Mr. Close the net-men of Southwest finished in a tie for second place with the Rough Riders of Roosevelt. The team as a whole had a record of 19 wins and 11 losses.

The first singles spot was held down most capably by Gene Ziervogel. In the second and third positions, Tyler Hawk and James Nelson starred, each contributing greatly to the standings of Southwest's team. The brightest spot this year was the undefeated first doubles team, Art Ruff and Steve Bryant. The second doubles consisting of Ron Schowalter and Robert Pflueger did an outstanding job also.

The team alternates were Joe Frimmel, William Nelson, Dennis Potter, and Dick Gephardt. The outlook for next year is very bright, and Southwest's chances of winning the championship are good. There are always new prospects wanted though.

Row One: T. McDowell, W. Collier, D. Spencer, G. Gruenwald, B. Eydmen, A. Berving, T. Cook.

Varsity Basketball

Coach: Mr. Ashley

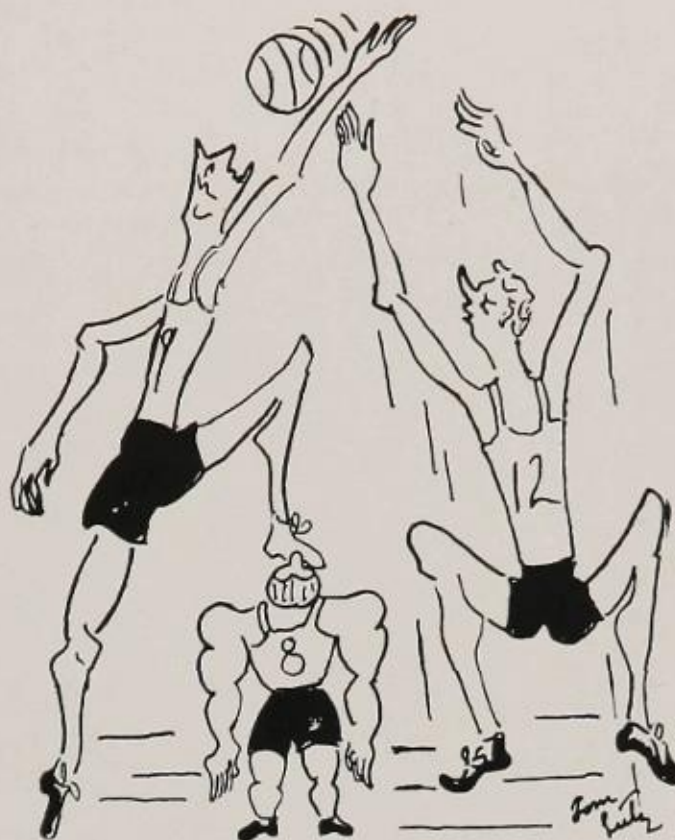

"Dribble down the sidelines. Shoot from the floor. Come on, Southwest, raise that score." This cheer was just one of the many that helped Southwest to beat Beaumont in one of the most exciting games of the season. As a result of this victory Beaumont's winning streak was ended at 40 games in a row. This win gave Southwest a five and four record for the season. Not doing so well in non-league play, the steers accumulated a record of three wins and nine losses. We take comfort, however, in the knowledge that many of these nine defeats were by narrow margins.

"They never give up," were the words of the B-team cagers coach, Joel Beezley. "They always show good sportsmanship and competitive spirit."

Out of the eleven boys that composed the B-Team, two are considered to be the most promising prospects for the varsity cagers. They are Dale Yount and Jim Graves. Dale led the B-Team scoring with 236 points for the season. The other members of the team, Carl Harris, Steve Goldman, Jim Shanahan, Joe Favignano, Ted Popowechak, Jim Nelson, Kindall Hite, Jack Beacher, and Chuck Robinson also gave a good account of themselves.

Shooting Stars

1. Gary Gruenwald, star center, makes a hook in practice session.
2. Co-captain of this year's team, Bill Eydman, steadies for a shot.
3. The Longhorns of Southwest defeat the McKinley Goldbugs by the score of 51 to 41 for their first league win.
4. Southpaw Wayne Collier demonstrates a one handed set shot from out court.
5. Dribbling down the sidelines, shooting from the floor, Spencer helps Southwest raise the score.

Track

Coaches: Mr. Beezley,
 Mr. Merchant

Starting the season with an inexperienced team, the cindermen fared poorly in the dual meets. They displayed much improvement, however, by placing sixth on Field Day.

In the senior division Dave Nicholson won the shot put, and Don Jones and Ed Kuster placed fourth in low hurdles and pole vault respectively. The juniors did most of the scoring with twenty-one points. Jerry Gleason took first in the shot put while George Galakatos placed second in the broad jump and third in low hurdles. Also Larry Buffington took second in pole vault.

The team captains, Don Jones and Norman Koons, say that the outlook for the 1957 team is good, since over half of the lettermen will be returning. Letters were awarded to nine seniors and seven juniors on the 1956 team.

The track team, one of the oldest athletic organizations in the school, has been in existence ever since the school opened. Although never winning a championship, they have always been recognized for their good sportsmanship.

Baseball

Coach: Mr. McArtor

Although last year's baseball team had a so-called poor season, the future looks bright, since most of the players returned and will have the experience gained by a season of play. Out of the season's won and lost column the steers of Southwest had a better non-league record than a league record, winning two out of the three non-league games and only winning three out of ten league games. Five of the teams thirteen active players had a .300 or better batting average. They were Carlo Lamarca .300, Terry Baum .305, Marvin Kraft also .305, Bill Gephart .312 and, holding the top spot, Dave Nicholson with a very respectable .352. The hurlers for Southwest were Joe Brock, Dave Nicholson, and Bud Doss. Joe and Dave both won two and lost four; Bud Doss completed the season with one win and no losses. With the returning members of the team, we're hoping for a championship season. After all one can always hope.

Some Big Wheels

1. Nicholson winds, gets ready, and fires; another strike, and the side retires.
2. Sailing through the air, not making a breeze, Southwest high jumpers clear it with ease.
3. Poised and ready but looking calm, is baseball captain, Terry Baum.
4. Coaches:
Row one: Mr. McArtor, Mr. Beezely, Mr. Ashley, Mr. Kenny.
Row two: Mr. Gerber, Mr. Close, Mr. Merchant.
5. Ready and waiting for the race; follow Don Jones, he'll set the pace.
6. Ready to go and on the ball is last years miler, Siebenthal.
7. Soaring up to clear the bar, pole vaulter Conklin didn't miss it by far.
8. The hurdles this year attract a big crowd, as George Galakatos does himself proud.

Row One: J. Heyd, G. Ziervogel, D. Becherer, B. Beaty, D. Kren.

Row Two: L. Klausner, R. Sparks, D. Bartholic, S. Gossett, D. Beinecke, K. Marschuetz, G. Krueger, Mr. Ashley.

Golf

Coach: Mr. Ashley

The cry of "FORE," the upraised club, the swish as it comes down, and CRACK—another Southwest turf topper slams the little white ball down the fairway.

Although there was no Public High School League this year, the Southwest golf team, headed by captain Doug Skinner, closed the 1956 season with eight won and four lost, an excellent record. They also placed eighth in a field of twenty schools in the tournament. Since there was no league, most of the matches were against county schools.

Golf is a fine sport. Let's do our bit toward returning it to Public High League competition. The coming season's turnout of boys is heartening. Although only two of last year's players are returning, the enthusiasm of these fellows offsets their inexperience.

Lettermen

The *Lettermens Club*, the purpose of which is to stimulate interest in athletic activities, is an honorary organization of the outstanding athletes of our school. It is composed of the players who, by their ability as well as team spirit and good sportsmanship, have earned an athletic letter. Anyone who has earned an athletic letter in any of the major sports, which include baseball, basketball, football, golf, tennis, and track, is eligible to become a member.

Some of the activities sponsored by the lettermen are the Father and Son Banquet; the Miss Southwest Dance, co-sponsored with the Student Council; and the Dip and Dance, which originated this year and was sponsored jointly with the *Cheerleaders Club*.

A watch, a score pad, and a whistle!! These articles are put into use every Tuesday by members of the Officials Club, an outgrowth of the Leaders Club, which started in the new Southwest in 1937.

In the first club the enrollment was limited to those girls who were outstanding in performing athletic and gymnastic feats. Now, in the Officials Club, girls learn the rules of games, and how to apply them. In order to become a qualified official, you must also pass written tests.

This group meets on Fridays to discuss the rules of the game. On Tuesday they do their best to prove their skill while officiating at basketball and volleyball games.

"Basket! Get that ball!" These two peppy phrases have been heard throughout Southwest's halls after school for the past twenty years. These were years of great progress for the club. For example, basketball once was just a single athletic activity; now it is part of the flourishing G.A.A. Also with the passing of time came an increase in enrollment.

"Roll it down the alley,
 Knock down that pin,
 Come on team,
 We want to win."

Since the birth of our Alma Mater in 1937, there have been many morale-boosters such as this cheer that have sounded from the doors of Arway Bowling Alley.

Although the first club, a tremendous success, outnumbered our present enrollment of one hundred seventy girls, bowling has always been a favorite sport at Southwest. This large number poses a problem. How can all participate? To solve this, Miss Ulbricht has divided the girls into sixteen teams that bowl in competition on Wednesday and Thursday of every week. These teams,

with their colorful names such as The Dynamites, Alley-Gators, Whiz Kids, and Four Strikes and a Spare, are guided by a group of very understanding officers, who include a President, Judy Northrup; two Wednesday Secretaries, Fran Porter, and Susie Jones; a Thursday Secretary, Kay Muehlenbrock; two Wednesday Treasurers, Bev Fuller, and Jackie Lieber; and a Thursday Treasurer, Jo Ann Amorelli.

The highlight of the year is the G.A.A. and Bowling Banquet, which is held in May. On this occasion besides entertainment and food, always welcomed most eagerly by the girls, is the presentation of trophies. The "Southwest Suzies" showed the greatest promise of winning top honors at the time that the Roundup went to press.

Did you know that in the past twenty years Southwest has won over thirty championships in various sports? Do you think that the teams could have done so well without the cheering students in the stands? The simple truth is that the cheerleaders helped Southwest win many championships; and,

to reach the second point of our analysis, if there weren't a Cheerleaders Club, there would not be any cheerleaders. Thus, we have made our point; the Cheerleaders Club is one of our most necessary athletic organizations.

These members, who are trained by the current cheerleaders, learn all the tricks of the trade. They become adept in making the twists, turns, jumps, and, of course, the proper use of their vocal power. Then, those who want to take over the job of

cheerleading are put to a test. This group must be judged by a committee and then by the student body. Thus the cheerleaders are chosen. So, you see, there is much more to this club than just vim, vigor, and vitality.

The Pan-American Club, a long time favorite at Southwest, held its first meeting soon after the doors of Southwest opened. Since then, it has continued to prosper throughout the twenty years of progress.

The club offers its membership not only to Spanish students but to those students who are interested in Pan-American affairs. The Senores and Senoritas of this club participate in many Spanish festivities. This year, those students who knew something about the language further developed their knowledge through the songs, games, imaginary trips through Latin America, speakers from Spanish countries, and movies. Nor must we forget to mention the picnic, held at Mrs. Whitehouse's home, and a Christmas party.

The group meets every Thursday. It is under the sponsorship of Miss McNamara and Mrs. Whitehouse, who both give their time and effort to make the club the success it is today.

"Parlez-vous francais?"

If you do, The Le Cercle Francais, is the one for you. This club, under the sponsorship of Miss Ernst, has met continually throughout Southwest's twenty years of progress, and now meets every other Wednesday in room 207. It is open to all pupils who are taking or have taken French. The time is spent chatting in French, singing folk songs, playing games, and seeing films of gay, romantic France.

The officers of this club are Patricia Hill, President; Joan Lowry, Vice-President; Loretta McDonald, Secretary; and Marge Connelly, Treasurer. The purpose of this group is to stimulate interest in learning French better or, as they say in French, "Petit a petit, l'oiseau fait son nid." The golden opportunity of enlarging French vocabulary and improving accent, as well as affording many pleasant hours, is in store for all who join.

Hora Latina

Per multos annos —

As Rome for many centuries watched generations come and go, so the Latin Club of Southwest has watched the classes come and go.

The club began in 1937, the year that Southwest opened. It was then called the Classical Club. Only students who had finished their study of Caesar's Gallic War and were, as fives and sixes, studying the Orations of Cicero and Virgil's Aeneid were eligible for membership.

In 1939, the club was called *Senatus*; it was under the sponsorship of Miss Steffen, Miss Woody and Mr. Young, who was then in the Latin Department and is now principal of Southwest. Its

officers were *Consul, Praetor, Scriptor, Aerarius*, and *Nuntius*. An outstanding achievement of this year was the writing of and the adoption of a constitution, which, with its later revision, is still treasured among the archives of the club.

In 1940 the name was changed to The Forum. The membership was open to Latin 3 students or higher. The offices were the same, *candidati* for which were elected in accordance with the provisions of the constitution. A high light of this year was the play *Nil Umquam Ruri Accidit* presented by students of Latin of Hanley Junior High School.

Row Five: D. Beinecke, R. Gephardt, B. Baker, R. Boland, J. Garner, J. Pisoni, A. Loeschner, R. Glass, C. Treichel, S. Holmes.

Sponsors: Miss Steffen, Miss Woody

The Forum continued to be the name of the club until 1941 when it was changed to *Hora Latina*. Miss Steffen and Miss Woody were the sponsors, and they have continued to be the sponsors through the years to the present time. Through succeeding years the organization was called the Latin Club, the officers being *Consul Major*, *Consul Minor*, *Scriptor*. The various activities during these years included the reading of a Latin newspaper, *Res Gestae*, games and contests, plays, field trips, and talks given by outsiders and by the sponsors.

In 1955 the club was reorganized as a cultural hour. The *Hora Latina*, the name taken from that

of 1941, is a period devoted to lectures given by the sponsors on the private life of the Romans, their religion, their great heroes, and the contributions made by the Latin language to the English. The membership is open to all students of Latin. The lectures are well attended by students eager to become better acquainted with the civilization of a great people.

In reviewing the history of the club, the sponsors feel that through the years much has been achieved in preserving the interest in this ancient civilization.

"School days, school days, dear old golden rule days!" From the hickory stick to modern day methods, teachers have striven for the better education of pupils. In keeping with this traditional idea, Southwest has organized a club known as the *Future Teachers of America*. As we all know, teaching insures the development of our civilization. This is a most important task, for our nation must keep moving forward.

The *F.T.A.* club strives to encourage young people to enter the teaching field and to acquaint them with this profession.

The *Biology* club is one of Southwest's very worth while clubs. Formed in 1937 and sponsored by Miss Nagel and Mr. Kottkamp, it has stood the test of time. During one period we find it called "The Junior Academy of Science." It later, however, returned to its original name.

This year's project was to draw up a constitution setting forth the club's aims. These are to increase the members' knowledge of biology, to perfect their skills in this field, and to understand its importance in their lives.

$E=MC^2$ One need not be a member of the Physics Club to know that this is Einstein's Theory. With the arrival of Mr. Pinkus in 1951, came the idea of creating a new science club for Southwest's scientific wizards.

At present these future scientific master minds are interested in research relating to atomic energy. Science has made astounding progress along this line, and today it is of prime importance to our country. If you have a scientific mind, you owe it to Uncle Sam to develop it. Join this Club!

"Watch the birdie!"

This familiar phrase does not pertain to a bird club; it is one heard frequently at the regular meetings of the Photography Club. These skilled camera enthusiasts, who hold their meetings in room 315 every other Tuesday after school, invite your participation in their fascinating club. All that is necessary is a sincere interest in the camera and in the art of picture taking.

The group's activities were numerous this year. Among them was a trip to *Color Ad*, where they saw our own ROUNDUPS being engraved. Some of the members, too, attended a tour of the *Vincent Price Photographic Studio*. Also, they "flashed" diligently at the Hello Day aud. So you can see that the Photography Club, which has been active since 1952, ranks high among our worthwhile clubs.

Ready, aim, fire!! Another Southwesterner hit the "bullseye." This target shooting bunch meets on Friday at the Armory to try to improve their shooting techniques. Each "order" of fire consists of twenty-five, directed at paper targets. The four positions are, prone, sit, kneel, and stand. Five shots are fired toward each of the targets within a period not to exceed five minutes. The targets are scored on a basis of fifty points, ten per shot. The team is formed from the best shots in the club, six being maximum for league competition. The highest four then receive marksmanship letters.

Between shots this club took time out to elect its officers: Jack Brenner, President; and Michael McRae, Secretary and Treasurer. This happy group has proudly announced that it was the winner of second place in the league.

Chess, the game of games! Once a chess player, always a chess player is an old proverb but a true one. It is, so we are told, a game of concentration, and its fascination lies in the fact that a player never reaches perfection; he is always trying to improve his game. It is a very old game, too. It has stood the test of time. This shows that it really ranks very high on the list of games.

Chess clubs have come and gone at Southwest. Turning back the pages of Time to 1937, we find Miss Oestereich, sponsoring a chess club. After several years, however, it fell by the wayside, and we heard nothing of such an organization until 1955, when it bobbed up under the direction of Miss Touhill. Mr. Dripps revived it in 1957, and this year's group is a most enthusiastic one. The members assure us that this time the club is here to stay.

Southwest Thespians

Director: Miss Meenach

These Radio 2 classes are practising the art of broadcasting. It isn't so easy as it looks.

Radio Workshop opens a door to a new vocation. Both radio and television are still in their infancy.

Play: *A Modern Cinderella*
"How now brown cow?" Voice control, enunciation, and inflection are some of the *musts* of Dramatics.

This is another scene from this interesting play, which gave our students of drama a chance to "emote."

"Ah ha, my proud beauty, I'll get you yet!"

"Is there anything wrong with my hearing? Could I have heard these ominous words?" thought our Roundup reporter, who was looking for an interview with Miss Meenach.

Summoning up a degree of courage, our interviewer knocked timidly and fearfully on the door of Room 413. On entering, she discovered Miss Meenach, seated serenely and peacefully, watching a group of our Thespians "tread the boards." Miss Meenach graciously consented to give the information the Roundup desired about the history of her Theatre Arts classes.

"Dramatics and Radio workshop have had a phenomenal growth at Southwest. Beginning in 1941, our Dramatics groups had no props to help them, but we didn't worry too much about that. After all, Shakespeare's Elizabethan theatre didn't have any either. We did have, however, the talent necessary for success, and we started off with vim and vigor. As time passed, we became better equipped; our talent remained high in quality, and the number participating grew rapidly."

"I can say the same for my radio classes. Although Radio is one of the newer subjects, coming into being in 1945, it soon became very popular, and our students soon gained recognition at KSLH. We can boast, too, of now having one of the finest and best equipped studios in the city."

"I have not kept track of all my students who have chosen to follow the theatre professionally," Miss Meenach resumed. "I am still in touch with a few of them, however. Emma Jean Kraemer, of the class of June, '46, had an important part in "Can Can" this winter. Kathy Nolan (Joselyn Schrumm) of the June, '51 class, whom you probably saw as Wendy in Peter Pan is now in Hollywood. Ralph Becker, class of June, '49, is a big wheel at SIU at Carbondale. Dick McGee, of the Jan., '52 class, is operating a Radio station in Melbourne, Florida; Charley Jones, class of June, '50, is working at KMOX, and Al Scollay, class of June, '48, is teaching television and radio at Missouri University."

"As for this year's classes, they have been very busy groups. We have put on shows for the freshmen, the Parent-Teachers Association, the Scottish Rite Womens club. These are a few outstanding productions, but the highlight of our year was our television show, "The Road Ahead," given over Channel 4. Here we used the yearbook as a theme

in order to feature our school's twentieth anniversary."

"The work of my actors has been most satisfactory this year," Miss Meenach continued. "They have measured up well when compared with those of other years. I must say I can't help but feel proud of the record made throughout the years of both my Dramatics and Radio classes."

The Pioneer

Pioneer hands work hard to meet the deadline.

Should you have wandered into 215 on Oct. 7, 1938, you would have met Editors Jean Freund and Edgar Zaharia, forty-seven staff members, and Miss Lucile Murphy grinning triumphantly over the grand and glorious appearance of the first issue of the *Pioneer*.

In the nineteen years that have since elapsed, hard working *Pioneer* staffs under some forty successive editors and the same sponsor, have won numerous top honors from such leading press associations as the Quill and Scroll and the National Scholastic Press Association. Latest among these was the coveted "Special Excellent Award" from the Missouri Scholastic Press Association, one of two such awards in the state during the last school year.

Like each previous staff, the present group, headed by Co-Editors Sharon Browne and Charmie Linhart, is working long and enthusiastically to maintain the *Pioneer's* reputation.

The Roundup

The first Roundup was published in 1938 and was a small paper backed book, known as a "souvenir edition." Mr. Samuel Rosenkranz was the first sponsor. Mr. Rosenkranz continued in this capacity until 1942. At this time he joined the armed forces. The sponsorship was then taken over by Miss McIntire, who has had it ever since.

Our book has won many awards. Of the sixteen yearbooks that have been sent for evaluation, five have received first place awards, three from the *Columbia Scholastic Press Association* and two from the *Missouri National Press Association*. The Roundup has also received ten second place awards and one third place award. We hope this enumeration doesn't sound boastful, but we are very proud of this record and hope our book this year will be as good as those which have gone before.

*"The man that hath no music
in himself,
Nor is not moved with concord
of sweet sounds,
Is fit for treasons, strategems
and spoils."*

... Shakespeare

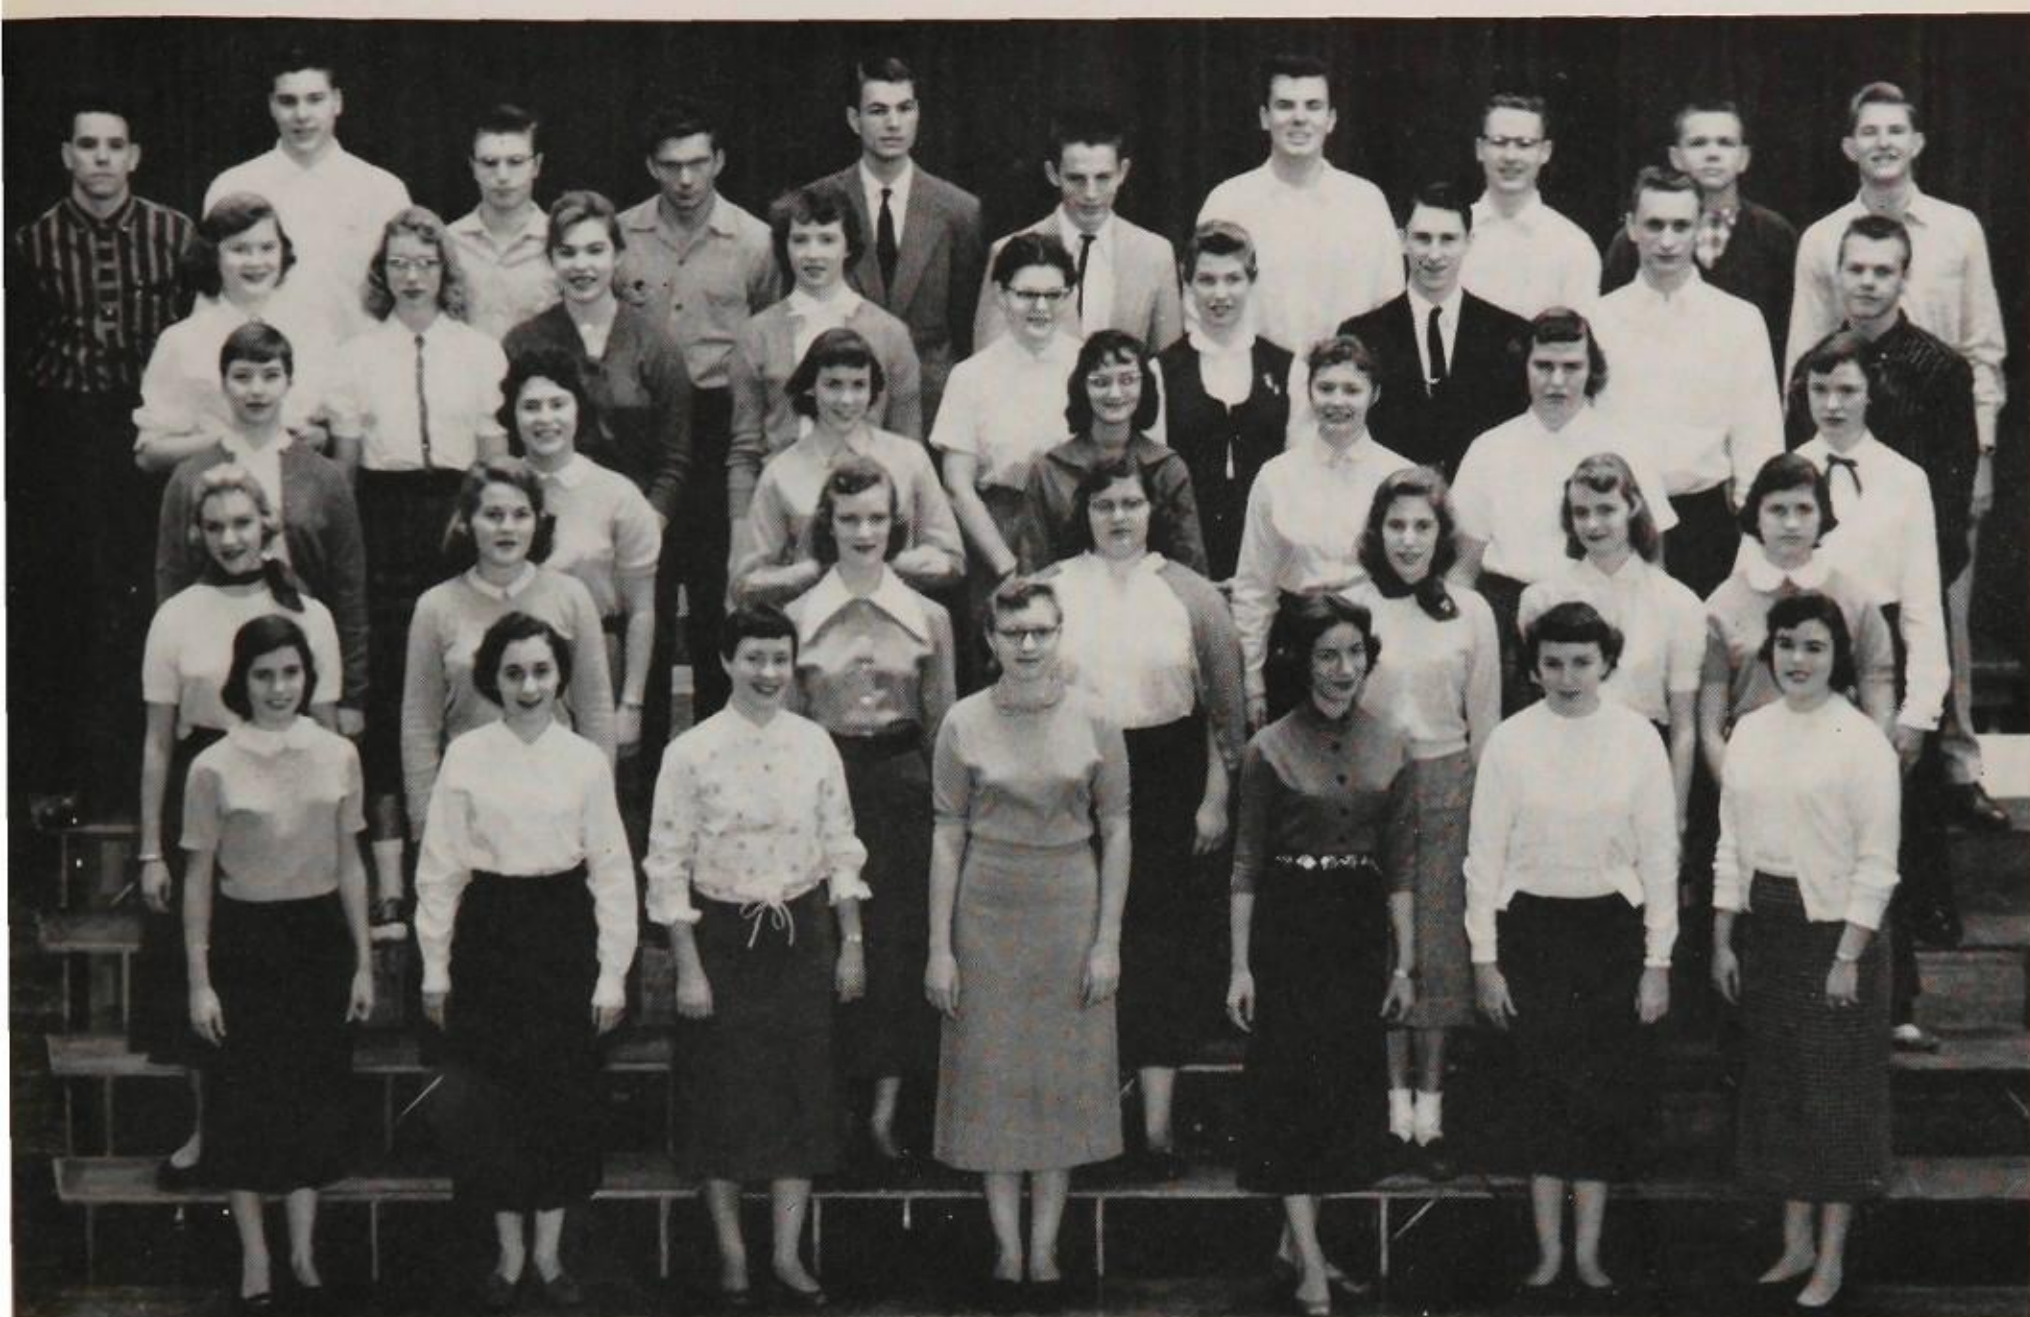

Music has always had an important place in the school life of Southwest. As we turn back the pages of time to 1937, we find the *Band*, the *Orchestra*, the *A Cappella* choir, the *Girls Glee* and the *Boys Glee* clubs off at a flying start. These have grown and flourished with the passing years and have been joined by the *Junior Girls' Glee* club and the *Clef and Quaver* honor society.

The operetta, which has become an institution here, made its first appearance in 1939. Needless to say it was a great success. Other smash hits have followed in succession, each one seeking to outdo the one before, until we reached that great extravaganza of this year—*The Prince of Pilsen*.

Having set up such a high standard it would be interesting to see what the Music Department will be like twenty years from now. We cannot see how it can become better.

Clef and Quaver Club

Sponsors: Miss Meyer, Mr. Monachesi

Unlike the other clubs the Clef and Quaver Club has been in existence for only four years. It was organized to stimulate interest in music and to provide an opportunity for the members of the vocal and instrumental groups to become acquainted with one another. Eligibility for membership is a music letter in one of the seven groups—Band, Orchestra, Advanced Chorus, Junior Girls Glee, Girls Glee, Boys Glee, and A Cappella Choir. To earn this music letter a student must have participated in all the main activities such as the operettas and spring festivals and have belonged to a music group for four semesters. Today this club boasts forty proud members.

The Southwest Band has long been a source of pride to Southwest High School. As we turn back to the 1938 Round-up, we discover that the band was among those first music organizations at Southwest.

This first band consisted of twenty-four musicians, who met daily the seventh period in room 413 under the direction of Maestro Monachesi. Today, twenty years later, its enrollment is over three times its original number. This energetic group now meets every morning during the "A" period in the band room, still under the direction of Mr. Monachesi.

A look at their activity calendar shows that many football games, parades, and pep and aud sessions would have been incomplete without our fine band. In addition to their many performances they have also been busy with their social activities this year. These included a mid-winter swimming party at the Y and a Christmas party, given in conjunction with the Orchestra.

... Milton

Hark! From the band room come liquid notes such as Orpheus himself was wont to play. Milton's, desire, too, would be fulfilled if he could live with our orchestra. With the opening of Southwest High School, came the orchestra. A small group of twenty-eight boys and girls met every day during the sixth period. Mr. Monachesi, the director, started this orchestra and has led all succeeding ones these past twenty years. Today, he has built up the membership to seventy musicians.

Having participated in many performances, the orchestra is a source of school entertainment. To begin the school year, it played for the Hello Day Program. Also it provided music for Southwest's traditional events such as the Operetta, Spring Festival, Miss Southwest Dance, Class Day aud, and Graduation. Performances, new to the orchestra this year, were the Band Benefit program and the Opera aud.

The orchestra's social life cannot be overlooked. In November the orchestra and band together had a swimming party at the Y. These same two organizations later had a Christmas Party at school. Indeed, the orchestra has won its way into the hearts of all true Southwesterners.

 To the full-voiced quire below
 In service high and anthems clear
 As may with sweetness, through mine ear,
 Dissolve me into ecstasies."*

... Milton

In 1940 Miss Meyer, director of all vocal groups, organized the Mixed Chorus. Meeting the sixth period, it got off to a flying start with fifty-nine members. Boys and girls, terms one to eight with an interest in singing, were invited to join. Five years later the name, Mixed Chorus, was changed to Advanced Chorus, which now is the present name. Today the chorus has one-hundred and sixty members. Because of the tremendous

size of this organization it had to be separated into two smaller groups. One section meets the first period, the other meets the seventh period. This year the chorus has participated in the operetta, Christmas auditorium session, spring festival, and has performed for a P.T.A. meeting. However, they do not believe in "all work and no play" for they took part in several parties with other music groups.

As you can see the Advanced Chorus has become a very prominent music group in the past seventeen years.

Glee Clubs

Director: Miss Meyer

Our Glee Clubs have long been numbered among the foremost ranks of Southwest's music groups. As we look back, we see that they were formed in 1937, the Girls Glee under the sponsorship of Miss Press and the Boys Glee under that of Mr. Monachesi. Slightly over a year later the direction of both clubs was taken over by Miss Meyer. The World War claimed Miss Meyer's services and Miss Thym substituted for the "duration." Then, war being over, "Major" Meyer returned and has directed their activities ever since.

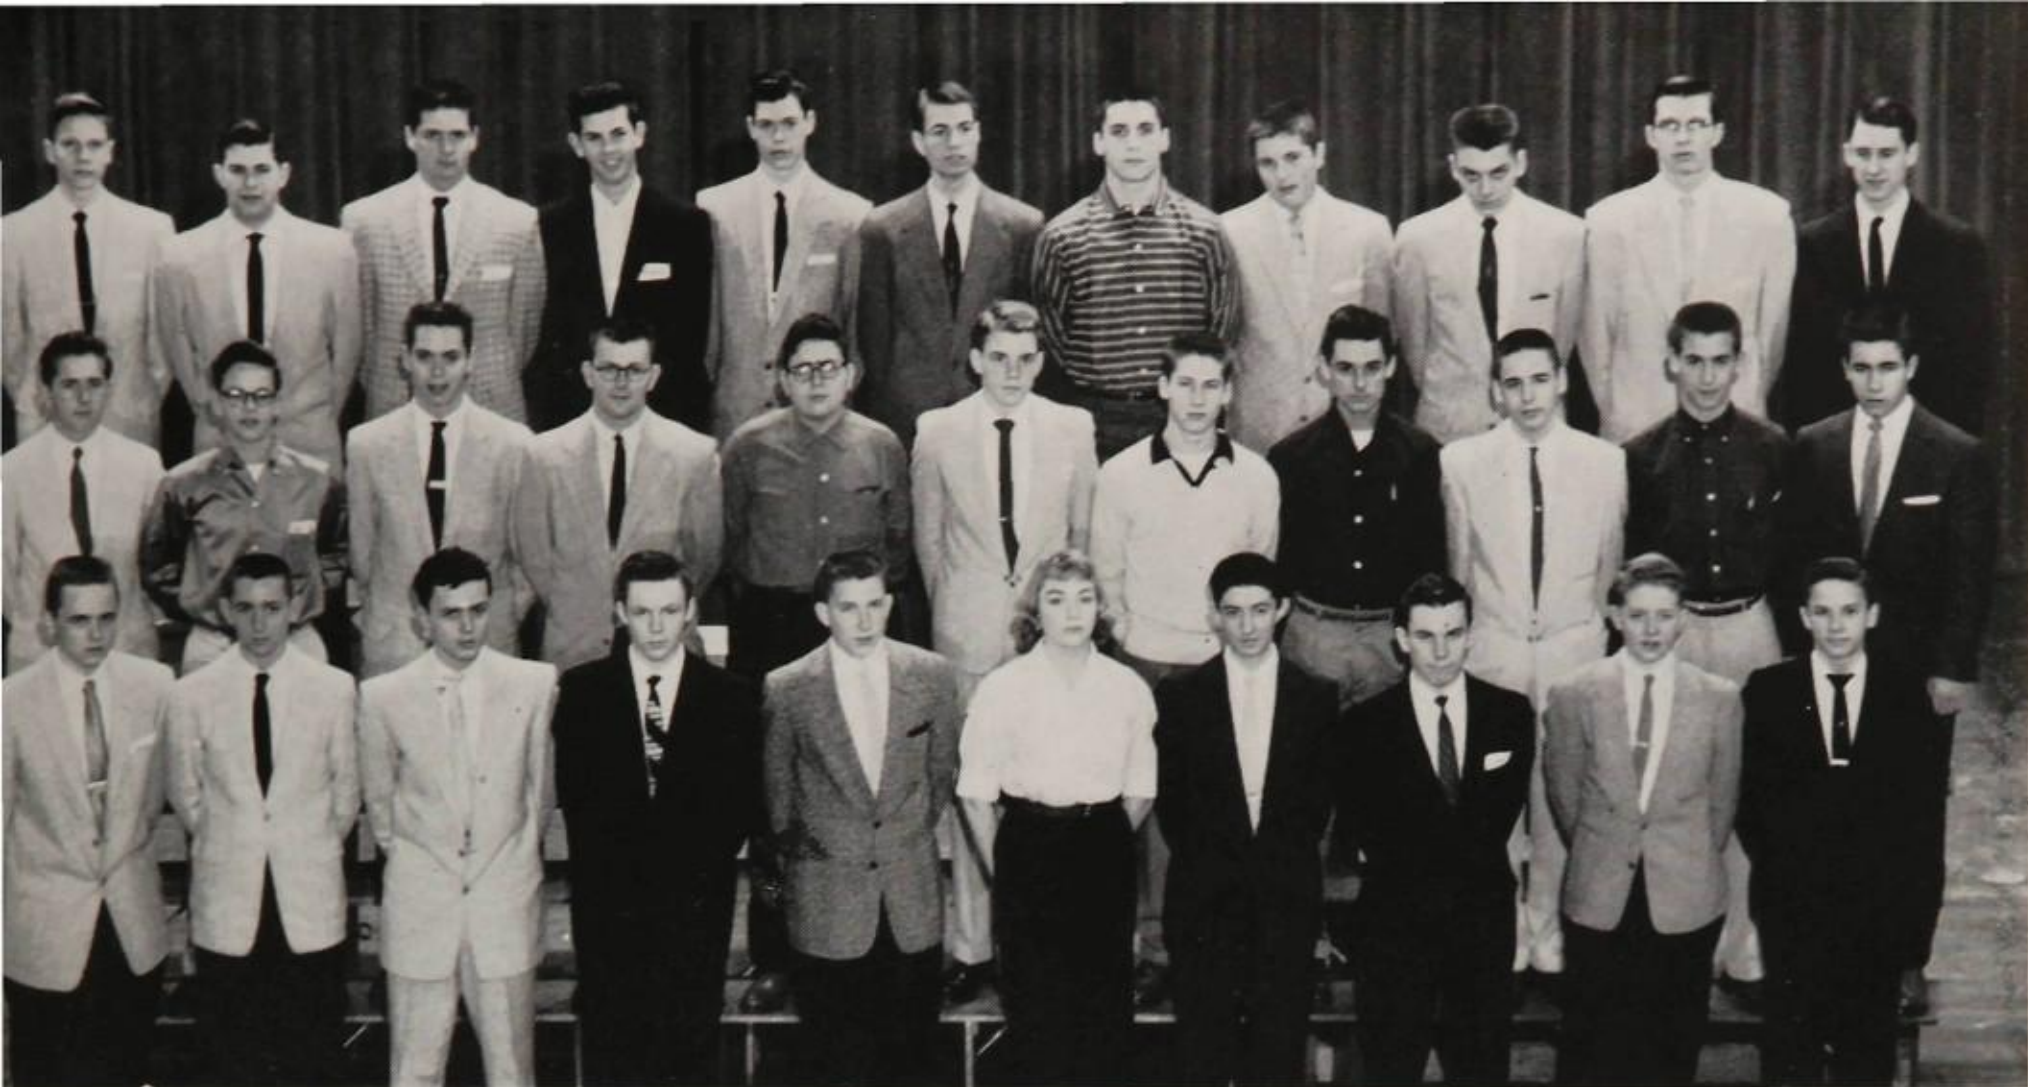

Through the years the members of these two clubs have been busy doing their part in providing school entertainment. Year after year we have all enjoyed their fine performances in operettas, Christmas programs, and spring festivals. Besides these annual activities there have often been occasions for these groups to make appearances in special aud sessions.

Junior Girls Glee is the baby of all of Southwest's fine music groups. This ensemble, which was born in the spring of 1955, was formed primarily to prepare its members, many of whom are freshmen and sophomores, for membership in the more advanced choral groups. It was not long before this new organization caught the active spirit of the other music groups. We find the club joining with the other choral groups in our operetta, Christmas program, and spring festival. In spite of its short existence, we are proud to say that the Junior Girls Glee Club has certainly taken its place in the music family of Southwest High School.

All three of these groups have kept up on the social end of the line as well as the musical. Besides taking part in the department's social activities, they have also had a number of their own, which included "pizza" parties, and hayrides.

A Cappella Choir

Director: Miss Meyer

Southwest's leading vocal chorus, the A Cappella Choir, started when the doors of the school were opened. There were forty-six members in that first choir. That year they participated in the Washington University Music Festival. The first sponsor, Miss Elsie Press, soon left and was replaced by Miss Leontone Meyer. When World War II broke out, Miss Meyer, who was a marine officer, had to leave Southwest. From 1944 to 1946 Miss Thym was the director. After the war Major Meyer came back to Southwest, where she has been vocal director ever since.

Today eighty-three songsters belong to the choir.

These song birds could also be called social butterflies. They, with other music groups, had a party at St. Mark's Episcopal Church. In April they joined with the Boys Glee Club in giving a hayride at Valley Mount.

The serious life of the choir is shown by the calendar on the opposite page. We would like to call your attention to the number of community services that have been rendered. Besides these, during the year this chorus has provided pleasant entertainment for school affairs. Surely the choir has shown its leadership since the opening of Southwest and will continue to be the leader of all vocal groups there.

Southwest Junior

Service Club

Sponsor: Miss Mesloh

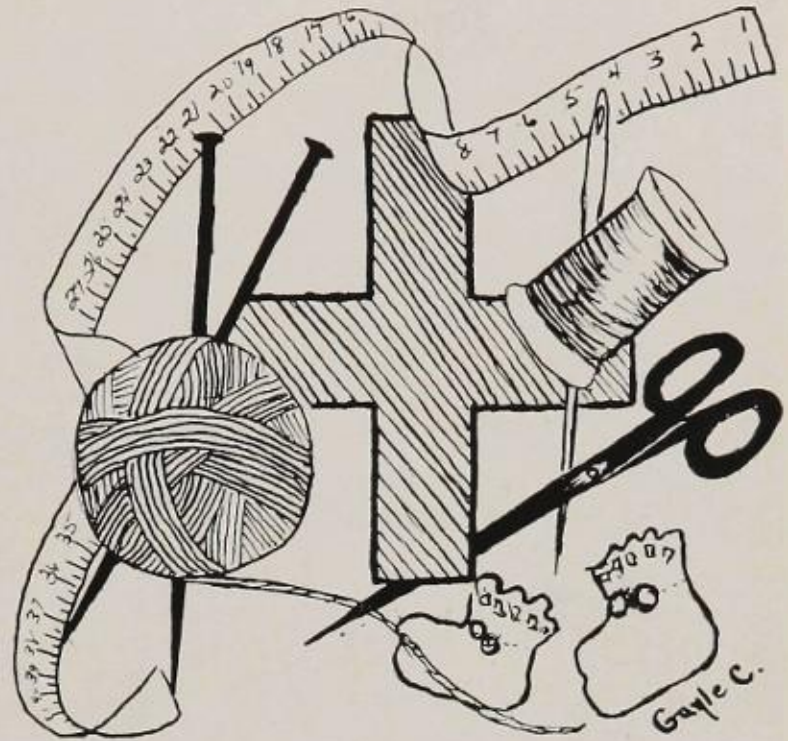

In 1939, when World War II was sweeping over the continent of Europe and the British Isles and was leaving death and destruction in its wake, a service club was formed at Southwest High School. Sponsored by Miss De Liniere and Miss Mesloh, this group worked in answer to the call of "Bundles for Britain." Time passed, and the war cloud spread to the United States. The club then became *The Junior Red Cross*, and its members worked valiantly to do their bit to win the war. This unit flourished and broadened its scope until, at the present time, it includes, besides the original club, a *Practical Arts* and a *Fine Arts* group.

The original service club, still sponsored by Miss Mesloh, has turned much of its attention to knitting. Many of its afghans have found their way to hospitals at home and abroad. This year another beautiful afghan has been sent on its way. The group in conjunction with the Student Council, also sponsors the yearly drive for over-seas Christmas boxes. This year the boxes numbered 146.

The Practical Arts organization, working as a class under the direction of Miss Milliken, has, as usual, been working diligently. This year the Junior Red Cross has received five baby dresses, eleven baby slips, seventeen wrapping blankets, eight bedside bags, and sixteen stuffed toys.

Junior Red Cross Art

Red Cross Artists are well pleased with their output—some of their many favors.

The Fine Arts group has made an outstanding record throughout the passing years. Ever since joining the Junior Red Cross, the art students have given class time to this project. This year's accomplishment may well be taken as a fair sample of what they always have done in the past in order to brighten the lives of the disabled veterans on holidays. For Hallowe'en we note thirty-one favors, ten nut cups, twenty-five napkins, twenty-seven tray covers, two posters, and one extra large wall hanging. Christmas work included thirty-eight favors, fifty-six napkins, thirty-two tray covers, fourteen pictures, and six extra large hangings. At Easter

time thirty-nine favors, twelve nut cups, two hundred napkins, sixteen tray covers, and twenty-three posters went for this special day. Fourth of July was noted by sending fifty favors, six nut cups, fifty napkins, nine tray covers, and six posters.

The clouds of World War II have passed. No longer do we see a group of girls making comforts to be sent as "Bundles for Britain." Yes, nineteen years have sped by, but the Junior Red Cross of Southwest High School is still an organization to which we can point with great pride, for it has always done a fine job.

These Red Cross workers are putting the finishing touches on some modeling.

Special Service

(Fall)

All our students know about the Special Service club's work at our school. What they don't know is that this club, the great, great grand daddy of all our service groups, has been doing this work since the opening of Southwest. Sponsored in 1937 by Miss Pierce, it began to function immediately. After Miss Pierce's death in 1944, Miss Steffen took it over and continued the good work until 1947 when Mr. Brew became the sponsor.

*"When I'm not thank'd at all.
 I'm thanked enough.
 I've done my duty.
 And I've done no more."*

Henry Fielding

Its services are varied. We find its members in the hygiene and counselling offices, and in the supply room, where they have worked every year. A new type of work, however, has been added during the last two years. It is the duplicating service. Sponsored by Mrs. Sporich, this addition has proved to be a great boon to the teachers.

No group of students deserves more praise than these. They have done "yeoman service" throughout the years. Join them and help them serve Southwest.

Stamps and Bonds

"A Penny Saved is a Penny Gained"

Uncle Sam's salesmen are pictured above. They remind us that it's "Stamp Day Today." It's "Stamp Day Tomorrow." Indeed, we are impressed with the fact that every day should be thrift day at our school. We know that our Uncle Sam is the best banker we could possibly have, and also that we'll need money for that college education we're looking forward to. We will

need it, too, for that business opportunity, or to buy that future dream home.

At the time the Roundup went to press these salesmen had sold \$3,787.90 worth of stamps. Mr. Forti believes this figure will top \$4,300.00 by June. Come on, Southwesterners, we've had this service at Southwest since 1942. Let's keep up the good record started then and open a savings account right away.

Are you nervous, run down, tired of the daily grind? Don't swallow a lot of bitter pills; just change to another kind of grind. Call in our Projectionists. Dr. Schlinkmann guarantees them to relieve class-room monotony immediately.

This brand new club, sponsored by our brand new librarian, Miss Boerjesson, was formed this fall. We're glad to give it an A-1 rating.

Receptionists Club

Sponsor: Mr. Hatfield

Under the sponsorship of Mr. Zopf, our former Assistant Principal, this service club was formed in 1952. It is composed of students who have a two-fold purpose—to help the school, and to learn something of the ins-and-outs of office procedure. It has proved to be a great success along both lines.

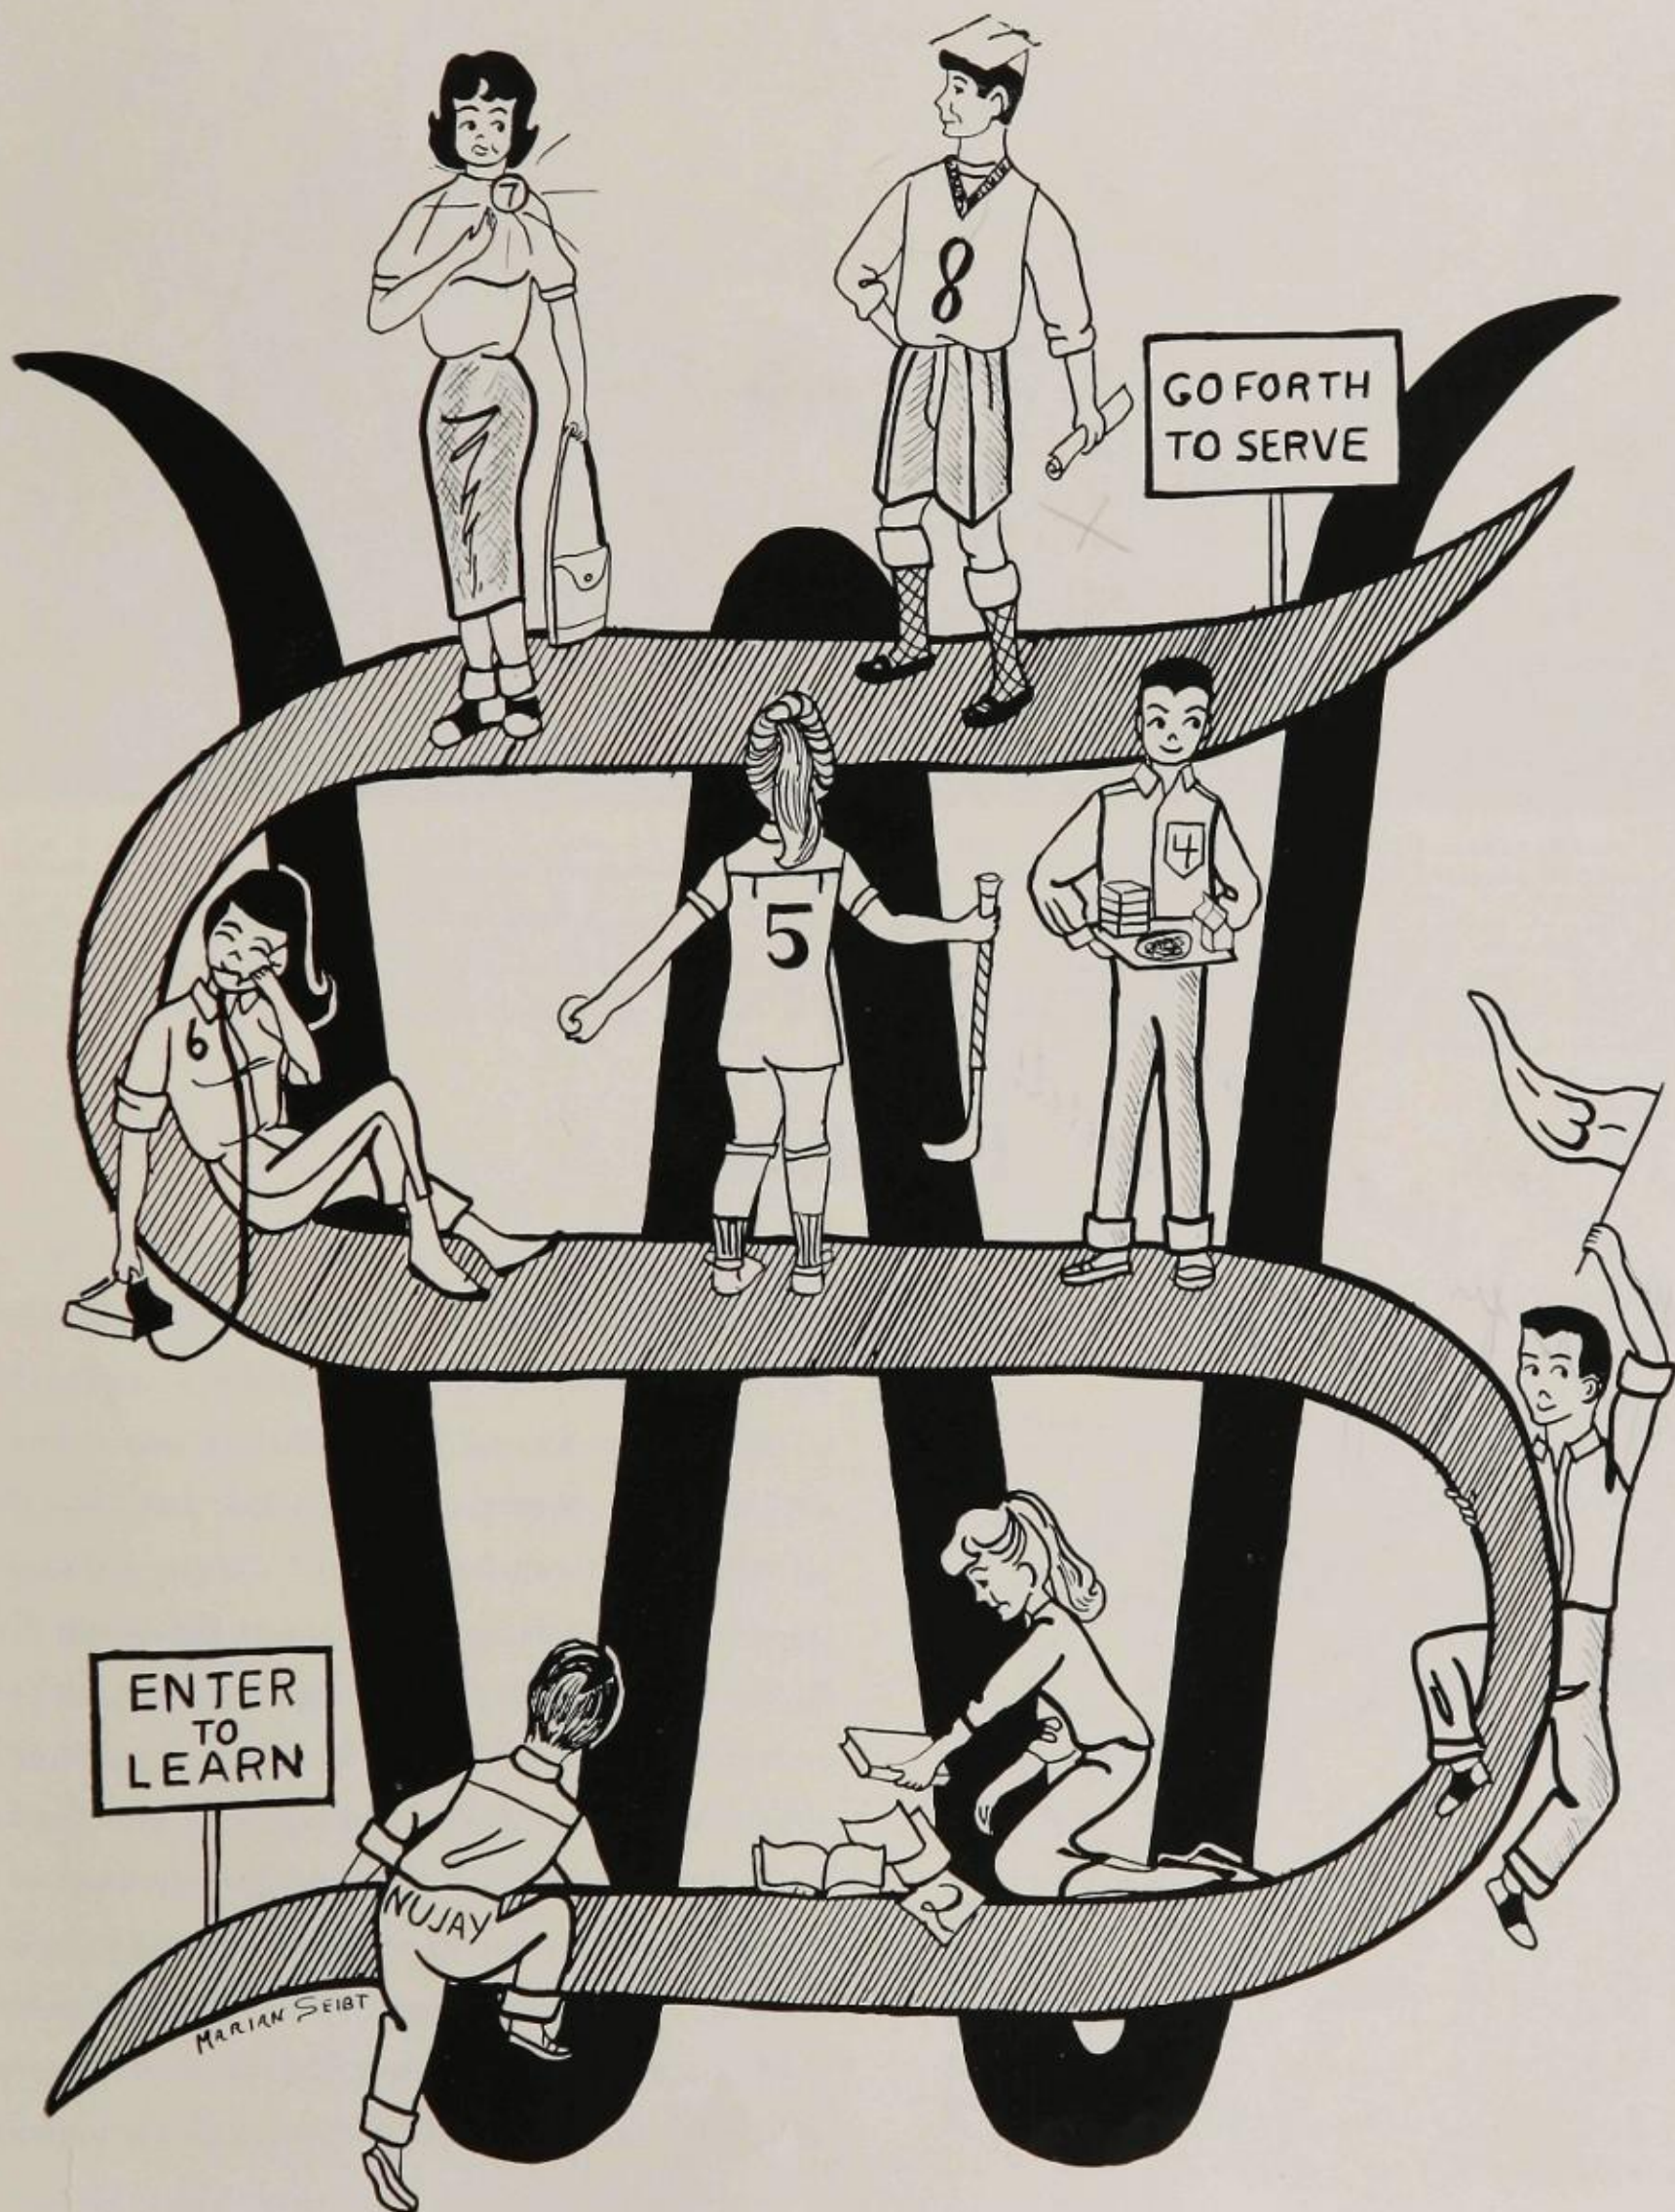

This year's group is sponsored by Mr. Hatfield, our present Assistant Principal. The work is done under the direction of Miss Mueller, our attendance clerk. When we asked what these students did, we found their duties to be too varied to enumerate. It is sufficient to say it covers the gamut of general office work.

Freshmen

Pictured above are 150 Freshmen, our newest Southwesterners. Nineteen January groups have "Entered to Learn" before this one came along to be number twenty. Others before have had their programs torn, have waited for a non-existent elevator service to take them to the fourth floor, have run errands for the mighty seniors, and have listened to the tall-tales of the upper classmen. Other freshmen have looked with awe at our beautiful building for the first time and have dreamed of the day when they would sit proudly on the auditorium stage in caps and gowns. Although it always seems to be a long time to our Nujays, four years pass quickly, and soon this particular dream becomes a reality.

Ones

If we could foretell the future, we would pick for you the future Student Council president from this picture. Perhaps that fellow in the third row will be the *Roundup* editor for 1961. That girl in the first row will sing the lead in the operetta. It's possible that we can see an editor of the *Pioneer* in the second row. The captain of the future football team is present, too, as well as several baseball and basketball stars. Yes, they're all here in these two pictures—Southwest's future big wheels. The trouble is we can't identify them at this time. However, with the help of their advisers: Mrs. Carter, Mrs. Hughes, Miss Kroenlein, Miss Kizer, and Mr. Free, we know that, whatever their high school ambitions may be, they can be fulfilled during the coming four years.

The Man Who Came To Dinner

Did you accept your invitation? You were invited, you know, to attend a very special dinner party. Yes, I'm speaking of this year's Senior Play. If you weren't there, you missed a great treat. This hilarious comedy was, as one senior put it, "the most."

Mr. Van Laningham directed a well chosen cast, headed by Richard Brackhahn, who was the man who came to dinner and stayed for many a day. Sandra Parks played the hostess, delighted at having such an outstanding "lion." Richard Montgomery was Mr. Stanley, who was more than willing to speed the overbearing guest; while Jo Ann Eggeman was most effective as a nerve wracked nurse. Peggy De Rosa and Bill Flaherty pleased as the young Stanleys. Sharon Hasekamp as Maggie and Norman Donner as Bert Jefferson provided the heart interest.

Other interesting characters in this unusually

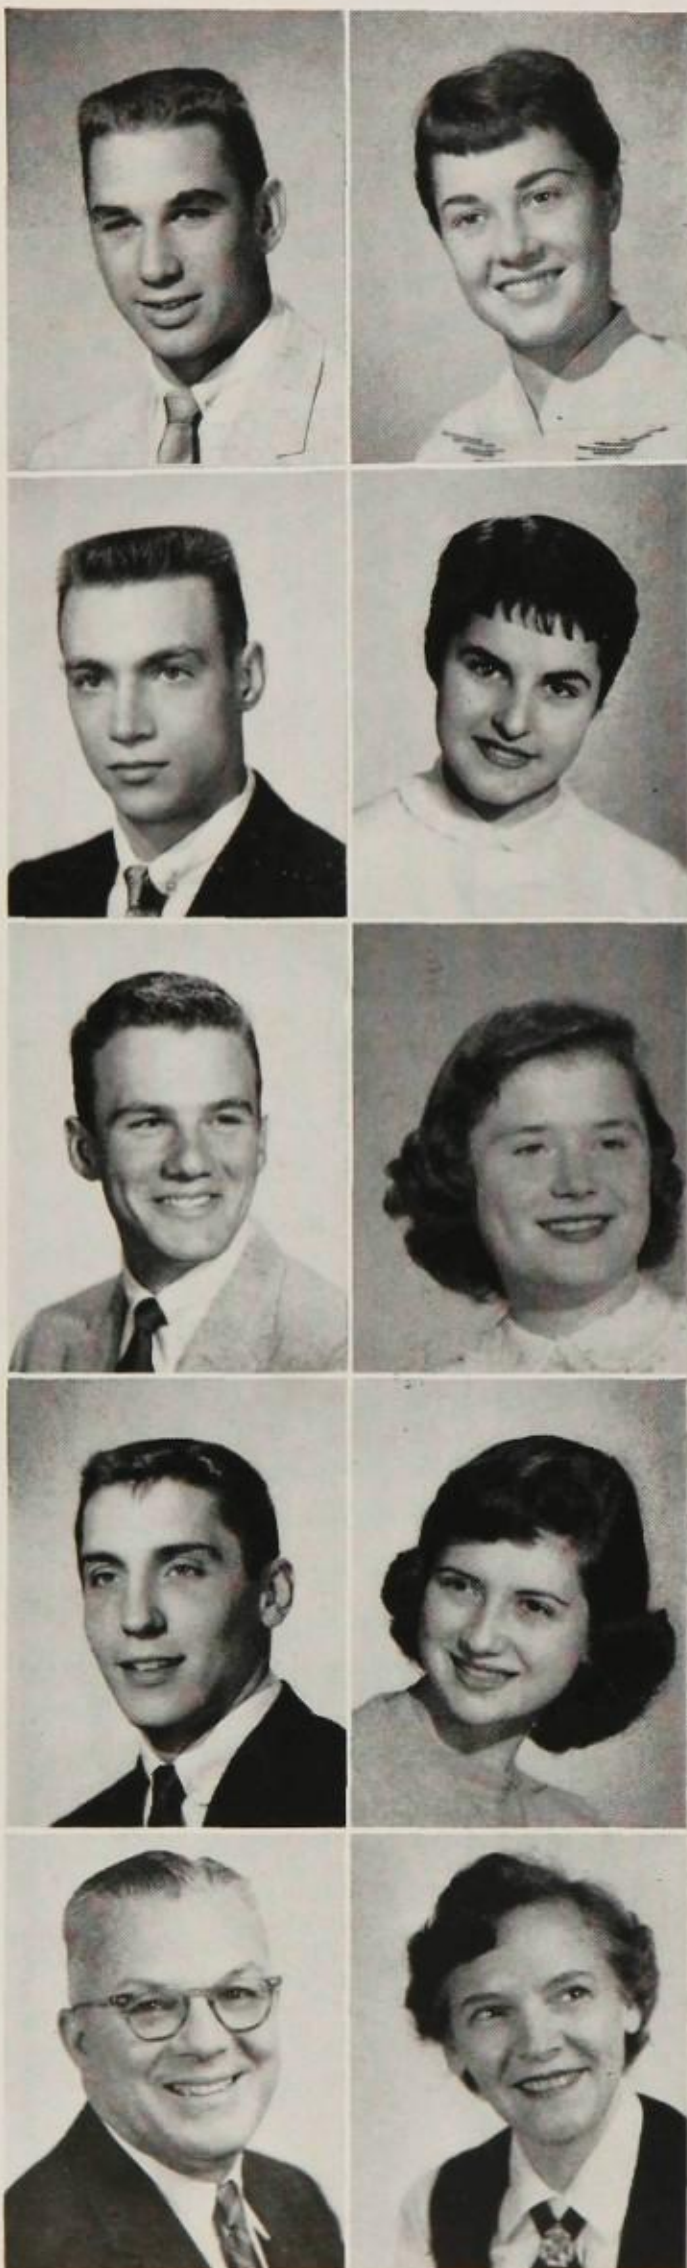

large cast included Harriet Stanley (Nikki Jakovac), the ax woman; Professor Metz (Don Huber), the Cockroach collector; Dr. Bradley (Larry Castle), an author; Lorraine Sheldon (June Shanklin), a movie siren; Banjo (Charles Pitman), an unusual gentleman; and Lord Bottomley (Al Stephan), the usual British lord.

Others in the unusually large cast, all of whom did a fine job, include Donna Prewett, Louis Conrad, Donna Bryant, Judi Sherfield, Jim Morris, Ed Borum, Bob Biggar, Dick Mummert, Jim Ragsdale, Bill Mueller, Willard Zeiser, John Mattingly, David Roehrig, Joe Manley, Ed Wamser, and Vic Thompson.

Also, we must not fail to give credit to the excellent stage management. Those unseen heroes, who did the work behind the scenes, deserve much praise. They contributed greatly to the smashing success of "The Man Who Came to Dinner."
